Revised 5-84

USE THIS SPACE FOR ADDITIONAL DETAILS:

Dear Citizen:

This form may be used to report additional items which you discover missing after the Officer's departure. It can also be used to report facts that weren't known at the time of the original report.

You can aid the investigation considerably by contacting neighbors and anyone else who may have seen anything suspicious or have any information concerning the theft. **If there are no suspects and insufficient information to formulate a case no contact will be made by detectives.**

In listing stolen property, include as full a description as possible including any marks, scratches, chips and anything else that would enable you to identify the property if it is later recovered. Serial numbers and model numbers are important. Be careful not to confuse serial numbers with model numbers or other numbers. A sketch or photograph of articles such as jewelry, paintings, etc., should be included whenever possible.

Please fill out the form completely. Type or write legibly. Mail to: Records Division, Spokane Police-Sheriff Departments, 1100 W. Mallon Ave., Spokane, WA 99260, or bring to Spokane Police-Sheriff front desk at Public Safety Building (same address as above).
